

NORTH AMERICAN CLEANER RECOMMENDATIONS *(updated 10/21/09)*

IMPORTANT: Using a spray bottle, apply properly diluted cleaner by spraying/misting onto the surface of the urinal and wiping away with a rag or sponge. Never apply cleaner directly into the cartridge.

For additional information on commercial cleaners, refer to the manufacturers' web sites.

NON-COMMERCIAL CLEANER RECOMMENDATIONS

The commercially available cleaners listed above provide the best results for waterfree urinals but if they are not available to you, the following options can be used.

Vinegar and Hydrogen Peroxide – Mix equal parts (1:1) of white vinegar (5%) and hydrogen peroxide (3% solution). NOTE: if using this formula to clean stainless steel, be certain to thoroughly wipe the surface dry when finished.

Citric Acid – Mix 1 part citric acid to 20 parts water.

RECOMMENDED
